Have, in many cases, defied the skill, heretofore of the
best medial practitioners in the world, and many cases ce been abandoned as incurable. Dr. J. WILLIAMS, Chemist and Pharamaceutist, after studying closely the practice of Drs. Abertathy and J. Johnston, England, and observing the nature of the disease in all ts stages, during a sojourn in the southern and western portions of the United States, where it

and western portions of the Charles States, where it prevails to a greater extent than elsewhere, procured from South America, certain roots and herbs, from which he prepared an "Elixir," which, after eighteen years' use in private practice, has proved itself more afficacious in the cure of Dyspepsy, than any medicine that has ever been prepared in any age or any clime for the same purpose.

Having submitted it, with an explanation of its components, to c number of Physicians of Philadelphia, a mong whom were the late Drs. Joseph Hartshorne and J. C. Morton, it has received their entire approval, and many of the Medical Faculty are now not only prescribing it for their patients, but are using it themselves personally, and in their families. As a tonic, it is une qualled, and its properties are of so invigorating a nare, that it is even with perfect safety and success to he most tender infants.

The "Elixir" is very gradual, but certain in its action upon the organs of digestion, the increased se-cretions of the liver, pancreas and mucos membrane of the stemach, and requires that only one dose be taken in twenty four hours; for confirmed Dy spepsy, can only be cured by gradually restoring the organs of digestion to a healthy state. The great success met with in curing the most aggravated cases of Dyspepsy, accompanied sometimes with a high grade of bypochondria. panied sometimes with a light grade of hypochondria-sis, has established the most onbounded confidence in the curative properties of this "Elixir," in corrobora-tion of which, read the following testimenials:— ATTENTATION.—We having used Williams' "Anti-Dyspeptic Elixir" with the most perfect satisfaction and Dyspeptic Elixir" with the most perfect satisfaction and success, take great pleasure in recommending it to all persons suffering with Dyspepsy, as we are fully convinced of its most estimable qualities in restoring the digestive powers, removing all pains and uneasiness, and imparting a healthy tone to the stomach.

To all persons afflicted with Gravel.

MR. J. F. Cowan:—Dear sir:—I hereby certify that in the summer of the year 1855, a servant of mine, a boy about 19 years of age, who had always before this time been stout and of a vigorous constitution, was attacked with gravel. A Physician was called who attended on him for several months, during which time he grew worse daily, until he was helpless, and I believe would have died in a few days had it not been for a friend, who advised the use of Cowan's Lithontriptic. I precured a few bottles, the first of which gave him renef, and in a short time he was able to walk about, and finally fully recovered; since which time he has had no symptonis of said disease, and to all appearance is as healthy as any servant on my plantation.
